Hogan Design & Construction Named 2026 Chrysalis Award Winner For Residential Remodeling Excellence and Design

Geneva, IL (August 11, 2026) – Each year, Qualified Remodeler Magazine showcases creative solutions in the home remodeling and construction industry, awarding home remodeling companies from across the United States, with the coveted Chrysalis Award. The award project entries are judged on the overall design, the creative use of space and materials, and the degree to which the remodeling project enhanced the original structure and lives of the homeowners. Hogan Design & Construction (HDC) was named the 2026 Regional Award Winner for Residential Basement Remodeling Excellence and Design. The Chrysalis Award-winning HDC project transformed a completely unfinished space into a haven for entertaining guests while expanding the livable square footage within the client's home.

This is the second consecutive year that HDC has won a Chrysalis award "We're humbled and very honored to be recognized for this prestigious industry award, two years in a row," said Brian Hogan, Owner of Hogan Design & Construction (HDC). "It's an entire team effort, working together to forever strive to give our customers the best building and remodeling experience possible." Over the years 2021 to 2026, HDC has won six Chrysalis Awards.
